## ODOUR CONTROL

### **Active Ingredients**

Proprietary biodegradable organic plant oils in aqueous base formulation.

### **Description**

Odour Control is a unique and highly effective product. Odour Control's action includes the absorption of odour molecules on contact, and the replacement of offensive odours with a pleasant, refreshing citrus fragrance. Specific microbes in the formulation produce enzymes that break down the volatile molecules for eventual digestion by the microbes

### **Advantages**

- Biodegradable
- Environmentally friendly
- Concentrated for greater value

### **Suggested application rate**

- Use full strength, or Dilute 1 part liquid with 3 parts of water as needed.
- Pour directly onto source of foul odour or spray as a fog.

### **Storage and Disposal**

- Shelf life of liquid: 2 years
- Keep container tightly sealed
- Store in original container
- Store in a cool, dry place and avoid direct sunlight
- Dispose in accordance with Federal, State, and Local regulations

### **Cautions**

- Do not eat or drink this product.
- IN EYES. Moderately irritating to the eyes. Eye protection should be worn .
- ON SKIN. Dermal exposure may cause mild irritation of skin. Avoid contact.
- ALWAYS CONSULT THE MATERIAL SAFETY DATA SHEET FOR SPECIFIC INSTRUCTIONS.
- Wash hands thoroughly after using.
- It is the responsibility of the customer to take appropriate precautions.
